

# Technical Datasheet

## Q 30-600 Soft Pad 140 x 115 mm

### Characteristics:

White aluminium abrasive grain on foam backing. For manual sanding on curves, seams and edges. Very flexible, for dry and wet sanding. It got a perfect surface finishes, thanks to pressure-distributing foam. No sanding-through of varnish due to excessive compressive force.

### Technical data:

Grit range	
Medium	- Corresponds to surface quality P280
Fine	- Corresponds to surface quality P500
Superfine	- Corresponds to surface quality P800
Ultrafine	- Corresponds to surface quality P1000
Microfine	- Corresponds to surface quality P1500

Structure	
Dimensions:	115 mm x 140 mm x 5 mm (w x l x d)
Coating:	1-sided
Grit:	Aluminium oxide
Backing material:	EVA foam (ethyl vinyl acetate)
Foam hardness:	Soft, for optimum adaptation

### Application range:

Microfine:	- Mat finishing of critical varnishes
Ultrafine:	- Mat finishing of varnishes
Fine + Superfine	- Final filler sanding at places with limited access
Medium:	- Keying of works priming coats - Keying of plastics before filler application

This data sheet is for information purpose only. To our knowledge the data provided complies with the latest standard and is based on years of experience in the manufacturing of our products.
