

Technical Data Sheet

Q 60-010 Silicone Remover Solvent Based

Characteristics:

Silicone Remover for use on surfaces which will be refinished. This solvent based remover is particularly suitable for the first cleaning step to remove tar, grease and silicones from vehicles which will be refinished. The product can also be used for the initial cleaning of composite plastics.

Note: Do not use on thermoplastic surfaces

Application:

Soak a clean and dry lint-free cloth with cleaner. Clean small areas of approx. 0.5 m² of the surface to be painted and wipe these areas immediately afterwards with a dry cloth of the same quality. Cleaner should not dry on the surface being treated.

Technical data:

Density: 0,74 - 0,75 g/cm³

Color: colorless

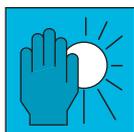

2004/42/IIIB(a)(850) 750

A2/P2

Shelf life

Store in cool place
