

## MOTIP Cockpitspray

Ord.-no.: look at ordering information

## Technical Information

Clean the dashboard in your car easily with MOTIP Cockpitspray. The cockpitspray protects and embellishes the dashboard and other plastic parts in the car and leaves a subtle scent. Cockpitspray is dirt repellent, silicone-free and anti-static. MOTIP Cockpitspray Semi Gloss has a directed jet spray and a 360° valve.

### Quality & properties

- Excellent cleansing properties
- Lasting silky gloss
- Subtle scent
- Silicone-free
- Antistatic
- Dirt repellent
- Directed jetspray
- 360° valve

### Physical & chemical data

- Base: White oil with perfume
- Colourname: no colour
- Smell:
  - ◊ Lavendar
  - ◊ Orange
  - ◊ Vanilla
  - ◊ Potpourry
  - ◊ Apple
  - ◊ Cranberry
- Surfaces: Dashboard and other plastic parts in the car
- Minimum Working Temperature: 10 °C
- Maximum Working Temperature: 25 °C
- Vapour pressure: 3500/20 bar
- Flash point: n.a.
- Storage stability: 10 y
- Content: 600 ML

### How to use

- Before use, carefully read the directions on the packaging and act accordingly.
- The aerosol should have room temperature. Best processing temperature 5 to 30°C. Before use, shake the aerosol.
- Apply the cockpit spray on a dry, clean cloth and distribute evenly over the surface to be treated.
- Then, polish with a dry cloth until a silky gloss has been achieved.
- In view of decreased grip, avoid contact with the steering wheel and the control pedals.

### Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

### Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

### Marking/Labeling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

As of December 7, 2023 – This release replaces all eventually earlier issued versions.
